

INVITATION TO HAVE YOUR SAY

Lake Tyres State Park Camping & Access Strategy

Stage 1 engagement: Gunaikurnai & local Aboriginal communities

What is happening?

As part of joint management, GLaWAC together with Parks Victoria are developing a Camping and Access Strategy for the Lake Tyres State Park, which surrounds Lake Tyres Aboriginal Trust.

We respect the importance of this area for Aboriginal people, and would like to address the significant visitor impact on the cultural and environmental values of the park

The Camping and Access Strategy aims to:

- protect the cultural and environmental values in the park
- improve opportunities and facilities

The strategy will review and consider the following uses:

- Day visitor and camping sites
- Vehicle and boating access
- Walking tracks

Community engagement sessions

This is an invitation for Gunaikurnai & local Aboriginal communities
Morning Tea will be provided.
